

## DEPARTMENT 13 – CONTESTS

### HOW FAR CAN YOU TOSS A BALE OF HAY?

The annual hay bale toss gives kids, women and men an opportunity to show off their best techniques for throwing a bale of hay the farthest.

There will be two different sized bales to choose from – a “mini” bale and a “regular” sized bale. Each participant is given two chances to toss the bale of hay and use the farthest measurement is used. Many different techniques and styles have been tried in the past. Come show off your techniques and enjoy a little friendly competition in the annual hay bale toss.

The annual hay bale toss will be held on Sunday at 1 p.m. at the Show Barn.
